Professional Experience

Full Stack Developer Trainee

AU Foundation, Jaipur

Sept 2024 – Nov 2024

- Completed an intensive full stack development training program focused on building scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built interactive and modular frontend components using React.js, React Router, and CSS modules to create responsive user interfaces.
- Learned and implemented backend logic using Node.js and Express.js, integrating MongoDB for dynamic data storage and retrieval.
- Worked on real-time collaborative projects in an Agile environment, participating in sprint planning, daily stand-ups, and team code reviews.
- Delivered final capstone projects, collaborated with peers on GitHub, and received feedback from senior mentors to improve code quality and performance.

SEO Executive

Apptech Infosoft Pvt. Ltd., Jaipur

Jan 2024 - June 2024

- Collaborated with the frontend development team to improve website UI/UX for better search engine visibility and user engagement.
- Assisted in maintaining and updating client websites using HTML, CSS, and basic JavaScript to support SEO best practices.
- Conducted keyword research and implemented on-page SEO strategies, increasing website traffic and Google search rankings by 30%.
- Optimized website loading speed, mobile responsiveness, and performance metrics, contributing to a 20% boost in organic sessions.
- Worked closely with the design team to ensure SEO-friendly content structure and component layout across landing pages and blog sections.

Education
